THE WILLIAMSON UNDERFEED FURNACES AND BOILERS

Were living in perfect comfort all over the house. The Underfeed coal burning way—fuel fed from below—all the fire on top—insures as much clean, even heat from cheapest slack as highest priced coal which ordinary heating plants require. This enables Underfeed users to

SAVE 1/2 TO 2/3 OF COAL BILLS

Mr. J. E. Crider, President of the Crider Creamery Company, Fredonia, Ky., relates his Underfeed experience thus:

"We installed one of your No. 739 Underfeed furnaces in our 12-room house about two years ago. We have found the furnace very satisfactory indeed. The furnace is extremely economical, fires easily and the heat is quite evenly distributed throughout the various rooms. We use nut and slack coal for fuel with perfect results and much prefer the Underfeed to any heating device with which we are familiar."

Send for our FREE book about UNDERFEED Furnaces and Boilers and let us PROVE that it will pay you to discard old-fashioned heating methods and install the satisfactory dividend-bearing Underfeed. Heating plans and services of our Engineering Department all FREE. Write today.

TWELVE INNINGS

Great Game Put Up by Maysville Club at Lexington—We Lose First Game

Maysville fans have no reason to be ashamed of her new baseball team, the Shelbyville boys that she acquired in the Bluegrass League Circuit.

The opening game of Maysville's new club played at Lexington yesterday was one of the finest exhibitions of baseball ever seen in the Bluegrass Capital, and Maysville only lost after 12 innings of hard work against them.

The Herald, in writing a column and a half about the game, said:

"Maysville celebrated her entrance into the Bluegrass League yesterday by filling an old team with new spirits and staying with the Colts for twelve of as interesting rounds as the fans could ask to see, pulling out with the little end of a 5-4 count after seemingly having the game packed ready for shipment to Mason county.

"Gutler's (of Maysville) home run came like a bolt of lightning to a crowd that saw a small chance of overcoming the one run made on Kimmy's error.

CAUGHT ON THE FIELD.

"Z-z-z-z-z! twelve 5-4.

"And the same thing may happen today!

"How about that sizzling twelfth inning finish?

"Maysville certainly entered with a rush and several Mason county people were here to see the fireworks.

"Mr. P. D. Wells, one of the owners of the new team, sat on the Maysville bench during the game. He was disappointed because the deal was delayed so long, which he said prevented the present series from being played in Maysville."

BUSINESS AND PLEASURE

Trip to Kentucky State Fair Can be Made at Small Expense.

Those who desire to visit the Kentucky State Fair at Louisville, September 12-17, can have a great pleasure trip for very little money if they so desire. The low railroad rates prevailing of one fare the round trip, together with the low cost of admission to the fair and the numerous boarding houses in Louisville that furnish accommodations from \$1 a day up enables one to be comfortable and at the same time attend this state institution at a very small outlay. Of course, one can always find an opportunity to spend money if he so desires, but there are a great many people who are glad to have a chance to combine business and pleasure at a reasonable cost. This the state fair week furnishes at Louisville.

Just Like Other Men.
"I see where a quick-witted drummer soothed Jeffries by inviting him to have a drink."
"Ah! the great man is human, after all!"

Its Kind.
"How did Maude change her hair from brown to golden? Is it a dark secret?"
"On the contrary, it was a light job!"

Refrigerators!

This paper today conveys news concerning our Refrigerators. A huge quantity of them are involved in an event, which, because of the absurdly low price, really assumes the importance of a SALE. As the season for buying Refrigerators is about to close we take this as an assuring resort of placing before the people that NOW is the ready time for purchasing your Refrigerator. They all have those lasting qualities, but those placed on sale in our store today are known to be "Better Than Any." They possess features which at once draw the attention of customers and when they are sold they create friends. Now, that is an essential which should not be overlooked. Get our prices; they are less than half.

Be sure your new home has that important modern convenience—electric light. There are many such and they are in great demand by those who know how to enjoy them. The modern electric light is so much better than any other that no one need hesitate about the cost. The General Electric Company has perfected its MAZDA lamp which gives twice as much light as ordinary electric lamps using an equal amount of electricity.

We Have G.E. MAZDA Lamps

For all those who live in wired houses we offer an opportunity of getting the benefit of the great light giving quality of these lamps. For those who own unwired houses on our distributing lines we will give advice of value in wiring houses for electric light.

FANNY WASHINGTON

Says Big Boy Drowned Her Infant Child Last Night

Fanny Washington, colored, aged about 24, living in the Fifth Ward, related a remarkable story to Coroner Slack and the Police last night, and had them on the go for many hours looking for Big Boy, a colored man.

The Washington woman says that while standing on the bridge that crosses the Fleming's pike, just East of the Noyes place, he grabbed her eight-month-old child out of her arms, and at the same time saying, "I'll drown the d—n bastard and murder you," and suiting his action with his words threw the child into the creek and knocked the woman down.

That's her story, but this morning the woman was arrested by Officer Ryan.

The dead infant was found in the pool where it was thrown by some one, and at the edge of the water was found a shoe stuck in

the mud and alleged to belong to the mother of the child.

The story is a fishy one and will be probed further today by Coroner Slack.

The Negro man is not known by the Police, and is only known by the woman as Big Boy. The entire Police Force made a thorough and an all night search for the accused, but failed to locate him.

The story is a remarkable one and further developments will be made today.

NO MORE PILES

HEM-ROID DOES ITS WORK THOROUGHLY. NO RETURN

If you have piles, you know that the usual treatment with salves, suppositories or operations can't be depended upon for more than temporary relief. Outside treatment won't cure the inside cause—bad circulation in the lower bowel. Dr. Leonhardt's Hem-Roid, a tablet remedy taken internally, removes the cause of piles permanently. Sold by J. TEACHERS' INSTITUTE

Meeting of Mason County Teachers in Maysville Next Week

The annual meeting of the Mason County Teachers' Institute will be held next week, convening Monday morning at 9 o'clock at the High School Building.

Dr. George Payne, former Dean of Pedagogy at the State Normal School at Richmond, assisted by his wife, will be the principal instructor.

Superintendent J. W. Ireland of Stanford will have charge of the musical work of the week, and Prof. James Speed, the well known Naturalist, of Louisville, will be present part of the time.

In addition to the two daily sessions there will be three evening sessions of the Institute, the entire week's meeting promising to be unusually interesting and instructive to the teachers and those who will attend.

OIL AND GAS

Ohio Valley Company Presents a Proposition Without Pitfalls or Graft to Secure Your Money

Twenty Thousand Acres of Home Leases Fully Recorded—Splendid Opportunity For Honest Investment

The local syndicate that is financing the \$10,000 cash to be raised for the Ohio Valley Oil and Gas Company to bore for oil and gas in Mason and Bracken counties have so much confidence that oil and gas will be discovered in paying quantities in the big section of leased territory that each of them whose names are signed to the following letter have entered heart and soul into the work of raising the money. Each have put themselves down for \$100 cash stock and invite any person to enter with them as original stockholders to share equally in the 325,000 shares of stock to be allotted to the 100 men who raised the \$10,000.

The proposition is perfectly honest, open and plain. There is no scheme or speculating bubble connected either with the corporation or the men behind it.

The discovery of one 50 barrel well of oil on any portion of the leased territory would make every share of the stock in the Ohio Valley Oil and Gas Company worth \$1, and would make the corporation's million shares worth \$1,000,000 in cash.

This is no joke or fairy story, but the proposition is backed by 20,000 acres of leases, \$1,500 worth of oil well machinery and a score of the leading business men of Maysville and Mason county.

The letter to the investing public from Mr. Manchester and others reads as follows:

MAYSVILLE, Ky., August 23d, 1910.

To the Investing Public: Messrs. John Brown and C. H. Gregg, practical oil and gas men, with Messrs. E. S. Perrie, Allan D. Cole and H. W. Cole, having organized The Ohio Valley Oil and Gas Company and taken leases on about 20,000 acres of land in Mason, Bracken and Robertson counties, are in position to develop same, and propose to a syndicate that in consideration of their raising and turning into the treasury the sum of \$10,000 to be used for development purposes exclusively, they will cause to be set apart 325,000 shares of stock (non-assessable) of the company, and held for our benefit and profit in proportion to the amount subscribed by each of us to this fund of \$10,000. These 325,000 shares shall be held in trust by one or more of us until 150,000 shares, which they propose to place in the treasury, has been sold at 25c per share or more, or until such time as oil or gas has been found in paying quantities. Then it shall be distributed among the subscribers proportionately, to be held or disposed of as they desire.

A well was drilled at Brooksville a few years ago by local people. Gas and oil were both found, but their capital being limited they were not able to go deep enough and properly case the well, so had to abandon same.

Rev. B. F. Chatham of West Second street was stationed at Brooksville during the time of drilling and can verify the statement that oil was discovered, so this proposition is not like going into territory where no work has ever been done.

Further, parties supposed to be connected with the Standard Oil Company have two carloads of machinery on the ground, coal contracted for and stakes driven, where they expect in a few days to begin on several wells near Bridgeville, adjacent to property held under lease by The Ohio Valley Oil and Gas Company.

Within the past twelve months the President of The Ohio Valley Oil and Gas Company has received overtures from another company, for a valuable consideration, to surrender all leases and abandon the territory, but this offer he positively declined, and thus the opportunity is given us to share the enterprise with him. If you feel you have \$100 or more to spare join with us and take a chance which may prove a good investment. Any person desiring

WELCOME WORDS TO WOMEN

Women who suffer with disorders peculiar to their sex should write to Dr. Pierce and receive free the advice of a physician of over 40 years' experience—a skilled and successful specialist in the diseases of women. Every letter of this sort has the most careful consideration and is regarded as sacredly confidential. Many sensitively modest women write fully to Dr. Pierce what they would shrink from telling to their local physician. The local physician is pretty sure to say that he cannot do anything without "an examination." Dr. Pierce holds that these distasteful examinations are generally needless, and that no woman, except in rare cases, should submit to them.

Dr. Pierce's treatment will cure you right in the privacy of your own home. His "Favorite Prescription" has cured hundreds of thousands, some of them the worst of cases.

It is the only medicine of its kind that is the product of a regularly graduated physician. The only one good enough that its makers dare to print its every ingredient on its outside wrapper. There's no secrecy. It will bear examination. No alcohol and no habit-forming drugs are found in it. Some unscrupulous medicine dealers may offer you a substitute. Don't take it. Don't trifle with your health. Write to World's Dispensary Medical Association, Dr. R. V. Pierce, President, Buffalo, N. Y.,—take the advice received and be well.

Failed in Health

"My mother died six years ago," writes Miss Ruth Ward, of Jerseyville, Ill., "and left me to care for six children. I had never been strong; and this, with the shock of her death, was too much for me.

"I failed in health. I was tired all the time and did not want to go anywhere, nor care for company. I had the headache all the time and such bearing-down pains. A very dear friend advised me to take Cardui, as it had done her so much good, so I commenced to use it and now I am in good health."

Take CARDUI

The Woman's Tonic

Women's pains are relieved or prevented and women's strength is quickly restored, by Cardui, the woman's tonic. You yourself know best if you need it, or not.

If you do need it, do not delay, but commence to use it at once. Every day of delay, only lets you slide further down the hill.

Don't wait, then, but begin to take Cardui today, for its use, no matter how prolonged, cannot harm you and will surely do you good.
